Bridging the Communication Gap between Generations - IC Thrive

Bridging the communication gap between men and women goes far beyond the obvious. On average, women use 25,500 words in a day while men use about 12,500 in a day. A man using 12,495 words during an average work day comes home with only five words left, "What's for dinner?" (that's three!) and "Good Night" (that's five!).
