### Parenting For Social Change Transform

Transform a new online program designed to walk parents through radical growth that brings equality, trust, and true respect to family life. I created Transform in an effort to meet the needs and requests from parents across the world who want to explore the large concepts and the daily practice of parenting for social change. Using my experience in facilitating transformative learning and intergroup dialogue, I began my own intensive learning journey.

### Transform Your Parenting - Parenting for Social Change

Parenting for Social Change is a powerful parenting book that is not about children, but about the harmful cultural messages adults perpetuate in their relationships with children. In this compelling call for change, Teresa Graham Brett addresses the work parents must do to free themselves, the children who share their lives, and the world from these harmful messages.

### Parenting for Social Change: Transform Childhood ...

Teresa Graham Brett's book, Parenting for Social Change, is my favorite for explaining and supporting with research how authoritarian parenting affects our children and how we can live in a partnership-based parenting paradigm instead. ~Anjelika

### Main Page - Parenting for Social Change

Parenting for Social Change, the book, debunks the myth that control is an essential parenting tool using current research. It challenges us to think about our mainstream views of childhood and how those views perpetuate control and coercion of children. Want to know more, see the chapter descriptions below.

### **Parenting for Social Change: Transform Childhood ...**

Parenting for Social Change is about creating new paradigms for parenting that affirm the dignity and respect the rights of all children. The parent-child relationship is the foundation from which we learn how to interact in the world. As children many of us had our experiences invalidated, our voices silenced, and our needs and wants trivialized by parents or other adults.

### **Parenting for Social Change: Transform Childhood ...**

Parenting for Social Change solidified all the ideas I'd captured along this parenting path and brought them to light for their higher purpose of creating whole children. Whole children know themselves, are empowered and empathetic and know how to communicate and compromise because they've lived this way from the start.

Social Change and Parents As social change becomes more common in psychology, those who are in this field should keep up on the information that is important to continue social change. One research of social change is participatory research. This is when those who are looking into the issues are part of that community.
