Teachers Teach How They Were

A teacher is a person who helps students to acquire knowledge, competence or virtue. Informally the role of teacher may be taken on by anyone. In some countries, teaching young people of school age may be carried out in an informal setting, such as within the family, rather than in a formal setting such as a school or college. Some other professions may involve a significant amount of teaching. In most countries, formal teaching of students is usually carried out by paid professional teachers. T

Teacher - Wikipedia

While teachers are still an authority figure in a student-centered teaching model, teachers and students play an equally active role in the learning process. The teacher's primary role is to coach and facilitate student learning and overall comprehension of material, and to measure student learning through both formal and informal forms of assessment, like group projects, student portfolios, and class participation.
