### Victorian Secrets An Anthology Of

The status of women in the Victorian era was often seen as an illustration of the striking discrepancy between the United Kingdom's national power and wealth and what many, then and now, consider its appalling social conditions. During the era symbolized by the reign of a female monarch, Queen Victoria, women did not have the right to vote, sue, or – if they were married – own property.

Most doctors in the Regency era simply didn't believe in such nonsense as germs or bacteria. Operations were performed with no regard for cleanliness, doctors wore filthy coats—often coming directly from the autopsy room to the operating room—with pride. And blood-letting was the cure for everything.
