Financial management - Office.com

Overview. Whether you're evaluating a company's stock price, assessing its credit quality, or determining valuations for a merger or acquisition, deciphering the messages embedded within a company's financial statements is critical—especially after the recent demise of so-called "solid" companies. This workbook will help you do this and much more, by allowing you to hone your skills and test the knowledge you've gained from reading *Financial Statement Analysis, Third Edition*.
