Microsoft Project Professional 2010 | 1 PC Digital ...

I confess to knowing nothing about MS Project, so I hope someone may be able to help. We are a small business that are looking to purchase MS Project 2010 - what I am trying to find out is how Project works in a multi-user scenario and how we can mitigate costs. We have three users that need to be able to view and update projects.

MS Project 2010 - multi user scenario

Microsoft Project Professional 2010 is a software program developed by Microsoft. The most common release is 14.0.7015.1000, with over 98% of all installations currently using this version. During setup, the program creates a startup registration point in Windows in order to automatically start when any user boots the PC.
