Vortex Mini Rok Engine is produced in one version only. However, refer to your country homologation file for eventual specific rules and/or sizes. 1.6.

MINI ROK

The Vortex Mini Rok engine uses a float bowl type carburetor with fixed jets similar to that in use on all of the Rotax Max family of engines. To a karter this seems odd after using carbs with jets that can be adjusted 'on the run', but to a newcomer or a motorcycle racer a fixed jet carb is quite a reasonable idea.
